Havana, July 26.—A meeting of
Cuban officers was held here at the
residence of Gen. Rodriguez, at which
it was decided to telegraph President
McKinley asking that he immediately
fulfill the promise contained in the
joint resolution of congress and estab-
lish a Cuban republic.

Navasota, Texas, July 26.—A riot oc-
curred last night at Equa's store eight
miles north of here, in which three
white men were killed by negroes. The
negroes burned a church belonging to
the white people. Tick Mosey, Will
Equa and Evan Wright while trying to
put out the fire were shot by a crowd of
negroes. The white men are in pursuit
of the negroes. Doctors left here for
Equa.

London, July 26.—Despite the dis-
quieting reports it is believed at the
British foreign office that the Alaskan
boundary dispute is trending towards a
settlement. United States Ambassador
Choate today forwarded to Washington
important dispatches embodying Cana-
da's position with reference to the
Lynn canal strip. Sir Julian Paunce-
forte's return, it is expected, will ad-
vance matters owing to his knowledge
of both American and Canadian po-
sitions.

Washington, July 26.—General Otis
notified the war department this morn-
ing of the arrival of two steamers with
re-enforcements, including the first
force of colored fighters, constituting a
battalion of the 24th infantry. It was
the first to reach the top of San Juan
hill a year ago. The two cablegrams
follow:

Manila, July 26.—Zentonia arrived
yesterday. No casualties. Health
good except a few cases of measles.

"Otis."

"Manila, July 26.—Transport Sheri-
dan arrived today. No casualties.

"Otis."

The Hague, July 26.—The last busi-
ness session of the peace conference was
held yesterday. Another meeting will
be held today, when the protocol will be
signed. Arbitration will probably be
the only convention signed generally by
the powers. The arbitration conven-
tion provides for a permanent court of
four men from each nation to sit at The
Hague. Recourse to this court is op-
tional. An agreement to arbitrate dis-
putes is practically the sole result of the
conference. Ambassador Whitehead,
of the American delegation, said: "The
results are better than I dared hope for.
Arbitration lays the foundation for
greater results and paves the way for
ultimate peace."

If there is any chance to boom busi-
ness, boom it. Don't be a knocker.
Don't pull a long face and look as if you
had a sour stomach. Hold up your
head, smile and hope for better things.
Have your little hammer and try to
speak well of others, no matter how
small you really know yourself to be.
When a man drops in to see you,
tell him this is the greatest piece of
earth. Don't discourage him by speak-
ing ill of your neighbor or opposition
firms. Lead him to believe that at last
he has struck a place where white peo-
ple live. Don't kick. Help yourself
along by becoming popular, and push
your friend with you. It's so easy.
Be a good fellow and soon you will have
a procession of followers. No man ever
helped himself by knocking other peo-
ple down, either in character or in busi-
ness. No man ever got rich by trying
to make others believe he was a good
man in town or the only man that
knew anything. You can't climb the
ladder of success by treading upon other
people's corns.—Ex.

THE ASSESSORSHIP QUESTION

Judge Davis Decides S. C. Perrin to
be the Legal Officer.

The county assessorship question
which has been occupying the attention
of the people of Cochise county since
January 1st has been decided by the fol-
lowing decision of Judge G. R. Davis,
as rendered in the case of Perrin vs.
Harwood, at the last term of the district
court:

S. C. Perrin, plaintiff,
vs.
W. A. Harwood, defendant. } No. 2057.

This case coming on regularly to be
heard, plaintiff appeared by Messrs.
Harmon & Martin, his attorneys, and the
defendant by Charles Bowman and Wm.
M. Lowell, his attorneys, and the cause
was heard by the court, and upon the
pleadings and evidence introduced by
both parties, and argument of counsel,
and the court having fully considered
the case, finds as follows:

That on the 2nd day of April, 1899, at
a regularly quarterly meeting of the
board of supervisors of said county,
the plaintiff was duly appointed by the
board of supervisors of said county, in
open session, assessor for the said coun-
ty of Cochise, and that thereafter and
immediately the said plaintiff took the
oath of office, according to law, and duly
qualified as such.

And the court finds, as conclusions of
law, that plaintiff then and thereby
became the assessor of said county.

The court also finds that, William A.
Harwood, defendant, is unlawfully hold-
ing and exercising said office, and main-
taining the possession of all the books,
papers and documents belonging or ap-
pertaining to said office.

The court also finds that on the 6th
day of April, 1899, the plaintiff made a
demand upon defendant for the posses-
sion of all said books, documents and
papers, and said defendant refused to
comply with said demand, and that he
still continues to unlawfully exercise
said office and retain said books and
papers.

It is therefore ordered, adjudged and
declared, that said defendant is adjudged
a party of unlawfully holding and exer-
cising said office, and that defendant be
excluded from the office aforesaid; that
he surrender the same to the plaintiff
and that he deliver to the plaintiff the
books, papers and documents belonging
to said office; that he pay the costs of
this action.

IS IT RIGHT

For an Editor to Recommend Patent
Medicines?

From Sylvan Valley News, Brevard,
N. C.:—It may be a question whether
the editor of a newspaper has the right
to publicly recommend any of the var-
ious proprietary medicines which flood
the market, yet as a preventive of suffer-
ing we feel it a duty to say a good word
for Chamberlain's Colic, Cholera and
Diarrhoea Remedy. We have known
and used this medicine in our family
for twenty years and have always
found it reliable. In many cases a dose
of this remedy would save hours of
suffering while a physician is awaited.
We do not believe in depending implic-
itly on any medicine for a cure, but we
do believe that if a bottle of Chamber-
lain's Diarrhoea Remedy were kept on
hand and administered at the inception
of an attack much suffering might be
avoided and in many cases the presence
of a physician would not be required.
At least this has been our experience
during the past twenty years. For
sale by all druggists.
